Updated COVID Guidance

Earlier this week, JPS shared [updated COVID protocols for January 2022](#). We encourage all families to review and become familiar with the [updated protocols](#).

Please remember that we want all healthy students and staff who are not positive for COVID or not symptomatic, to come to school daily. We are committed to safety and mitigation efforts that make that possible. We also continue to work with and rely heavily on Jefferson County Public Health (JCPH) and the Colorado Department of Public Health and Environment (CDPHE) who are the experts responsible for the health and safety of our local communities as well as those around the state amid the pandemic.
